**June 8-12, 2009**

**Monday, June 8 FACS Middle School Curriculum: All Day**

On June 8<sup>th</sup>, FACS middle school teachers will meet to begin their work on creating a state-wide curriculum for the FACS middle level. The afternoon session will focus on the middle school career based curriculum. This curriculum will align with a 9<sup>th</sup>-10<sup>th</sup> grade career module and an 11<sup>th</sup>-12<sup>th</sup> grade career module. Teachers from all corners of the state are encouraged to attend. Lunch provided.

**Tuesday, June 9 FACS High School Curriculum Team Meetings: All Day**  
Teams will begin their work on the FACS Standards integration/updates and prepare to align FACS areas to the new CDE Model Content Standards. Lunch provided.

\*Must be part of a committee to participate.

**Tuesday, June 9 Career & Technical Education 101: 8:00-12:00**

This half-day workshop will focus on multiple topics that every new FACS teacher needs to know (1-5 years teaching experience). Colorado FACS curriculum, data reporting and program approvals will be discussed. Participants are encouraged to attend the afternoon session of the HS Curriculum Team Meetings workshop. Lunch provided.

**Wednesday, June 10 & 11 Digitizing Your Classroom: 8:00-4:30**

This two day, hands-on workshop will cover the "hot" topics in adding and using technology in your classroom. Teachers will learn and create blogs, wikis, podcasts, and discover various ways to use technology in the classroom. Workshop presenter—Ed Waterson, Rock Canyon High School CRT. Workshop attendees are encouraged to attend both days. Lunch provided. \*\*Held at Rock Canyon High School

**Friday, June 12 Be There for Your Kids— Fatherhood Initiative: 8:00-12:00**

Rich Batten heads up a statewide fatherhood initiative that seeks to reach out to dads of at risks families ([www.coloradodads.com](http://www.coloradodads.com)). Rich will talk about the initiatives goals and agencies across the state that are serving teen dads. He and several facilitators from programs serving teen fathers will introduce several of the sessions from the Fatherhood Development Curriculum. *Fatherhood Development* addresses the real experiences and challenges of fathers through 25 streetwise group discussion sessions that provide support, information and motivation in areas of parenthood, relationships, sexuality, and responsible manhood.

**Friday, June 12 Financial Education: 12:30-4:30**

To enhance teenagers' financial well-being in their adult years, it is essential that they be knowledgeable about personal finance. This is especially true when considering current trends of rising personal bankruptcies, consumer credit delinquencies, and inadequate savings for retirement among adults. Join Katie Borremans, the Financial Education Specialist for Air Academy Credit Union and Julie McLean, Director of Financial Education at Arapahoe Credit Union to find out what students really need to know in this economy. Ideas for lessons, resources and best practices will be shared.

**June 15-19, 2009**

**Monday, June 15 Child Development & ECE All Day**

Join us for this workshop and find out how everyday life, including the people, places, activities and environment create many opportunities to enhance a child's development, growth and learning. This workshop will focus on working and raising children with disabilities. A tour of the Clayton Early Learning Center and the Anchor Center for the Blind are also planned. \*\* Workshop 8:00 am-12:00 pm, Tours: 1:00 pm-4:30 pm

**Tuesday, June 16 FCCLA: New Adviser Academy: All Day**

The new adviser training session is for FCCLA advisers with 0 to 3 years experience. Advisers will work with a National FCCLA Adviser Trainer learning the ins and outs of being an FCCLA Adviser—recruitment, retention, programs of work, chapter service, fundraising, leadership conference participation, etc. Cathe Felz, National FCCLA Trainer. Lunch provided.

**Wednesday, June 17 FCCLA National Programs & STAR Events: All Day**

Once again advisers will have the opportunity to work with and learn from Cathe Felz, National FCCLA. The session will focus on national program participation and STAR Events. Programs will be highlighted and hands-on activities will be provided for advisers to take back to their chapters. Advisers will also learn key strategies to encourage students to actively participate in the various STAR events. Lunch provided.

**Thursday, June 18 Food Workshop – how to become an "Eggspert" - 8:30-12:00**

Food is an essential and interesting part of our culture. We like to think about, grow, try, fix, share, invent, reinvent, and read about food. Long-term quality characteristics, such as health benefits, and environmentally friendly/sustainable food production methods are becoming more important to us. Some of these aspects are even more challenging to deal with at Colorado's altitude. Information from various disciplines will be integrated as we take a look at food from all angles. The focus of this workshop will be eggs - those simple, complex, controversial, economical, sometimes "all natural" mainstays of breakfast. Come take part as we examine, spin, crack, peel, test, bake, boil, dice, beat and eat some eggs! Workshop presenter Marisa Bunning, CSU Professor. \*Held at CSU.

**Thursday, June 18 Functional Food Compounds for Health: 12:30 to 4:30**

We have learned a lot about macronutrients (carbohydrates, proteins, and a lot about fats) and micronutrients (vitamins and minerals) from the text books, media and our mothers. Now, it is the 21<sup>st</sup> century, we need to move forward with new things "functional food compounds", that are not nutrients but important in maintaining health and well-being. Join Jairam Vanamala, Ph.D. for a fun filled, informal, but highly informative session that prepares you for 21<sup>st</sup> century food science and nutrition, and aids you in practical ways in becoming a "Grocery Smart", and prepare your students for future. \*Held at CSU.

**Friday, June 19 Professional Sewing: All Day**

Professional seamstress and now EGOS Dean of Design Industries Connie Ross, will instruct Fashion Design and Merchandising teachers on sewing construction techniques and new industry standards. Participants will practice sewing and construction techniques during this workshop. Lunch provided.
